Dear Hungarian colleagues,

With great concern we have been informed on the recently introduced program for solving the financial crisis, which will harm ordinary people and workers.

The FNV feels quite strongly that the workers shouldn't pay the full price for the financial crisis. We feel equally strongly that the Hungarian government must find another way to restructure its financial system in order to fulfil the obligations of the IMF.

The FNV would like to express our full support to you. Hopefully your collective actions in the coming weeks will be able to curb the excessive restructuring over workers heads. With this letter we explicitly would like to express our solidarity with your workers and our hope that your actions to defend workers rights will be successful.

In solidarity,

Aghes Jongerius,
President FNV.
